

Numerical Simulation of Space Plasmas (I) Lecture Notes

by **Ling-Hsiao Lyu**

Table of Contents

Lecture 1	Introduction to Round-off Error
Lecture 2	Numerical Methods for Differentiations and Integrations
Lecture 3	Numerical Schemes for Time Integrations
Lecture 4	Random Number Generators
Lecture 5	Introduction to Plasma Simulation Codes
Lecture 6	Introduction to Particle Simulations
Appendix A	Cubic Spline
Appendix B	Higher-Order Finite Differences
Appendix C	Higher-Order Numerical Integrations
